ON A LIFE SENTENCE

Charles V. Sherman is Now a Convict in the Penitentiary.

Was Taken to Columbus, Ohio Tuesday Morning From Hamilton.

In handcuffs and in charge of Jailer A. W. Clark and William McGreey, of Hamilton, O., as special deputy sheriff for the occasion, Charles Victor Sherman, of this city, sentenced to imprisonment for life for the murder of his wife, Mayme Sherman, and Grant Carter, a Hamilton thief, sentenced for a period of three years, were taken to the penitentiary at Columbus Tuesday morning. Sherman's mother was unable to get to Hamilton to bid him a last goodbye, and both he and the man Carter left quietly with the officers to enter upon their respective terms of imprisonment.

They left at 7:30 o'clock on a C., H. & D. traction car for Middletown from whence they they proceeded by way of the Big Four to Columbus, where they were immediately delivered over to the prison authorities.

NINETEEN ARE BURNED TO DEATH

Horrible Holocaust in a Tenement House in New York City.

New York, March 15.—Nineteen persons were burned to death in a fire which destroyed the five story tenement house at 105 Allen street. More than forty were injured and only a few of the sleeping inmates escaped unhurt. Several of those who perished were roasted to death in plain view of thousands in the streets.

Coroner Goldenkranz declared after an investigation that he had reason to believe the blaze was the work of an incendiary.

He issued subpoenas for the fire marshal, tenement house and building inspectors and health and police officials to appear before him at the in quest.

The fire started in the basement and spread with frightful rapidity to the roof. The victims were caught in traps of flames, the halls and exits being rendered impassable in a few minutes after the blaze started.

The building was one of the usual crowded tenements and the disaster was the worst in the history of the east side. The district attorney's office has begun an investigation to place the blame for the great loss of life.

A GOOD GAG

In the Elks local minstrel show, in Indianapolis, last night, W. J. Spires sprung the following good one: "Roosevelt has selected his cabinet to suit all classes of people. He picked Hay for the farmers; Wynn for the gamblers; Knox for the prize fighters; Root for the ball players; Bliss for the married people, and for the rest of the country Fairbanks scales.

SWEENEY'S REPORT

Indianapolis, Ind., March 15.—Commissioner Sweeney of the department of fisheries and game is out with another of his interesting and comprehensive reports. If the volumn previous to this attracted the ardent and admiring attention of Indiana sportsmen the present volumn will excite them to rapture. It is about the handsomest report ever issued on the subject by any state and certainly is the fullest and most complete.

WILL SAIL IN MAY

John L. Griffiths Soon to Enter Upon His Duties as Consul General to Liverpool.

John L. Griffiths, of Indianapolis, who has been appointed United States Consul to Liverpool, has announced that he and his wife will sail for the new post May 5th on the steamer Celtic. Within the next few days he will communicate with Consul Boyle, who now holds the post, with a view to arranging matters preparatory to the transfer of the office upon his arrival in England. He believes that it will be about May 20th when he enters upon his duties. A reception will be tendered Mr. Griffiths by the Commercial club the evening of Wednesday, March 29th.

U IA'S WAR CHEST EMPTY

French Bankers Refuse to Loan Any More Money for the War.

London, March 15.—The revolt of the French bankers is considered by the London newspapers as the most hopeful and important news of the day, promising an early conclusion of peace between Russia and Japan. Apparently the proposed loan has not been absolutely refused, but only "postponed." This, however, is regarded here as being tantamount to a refusal, and is expected to speak louder to the Russian war party than even Kuropatkin's reverse at Mukden. It is the general belief that by the death of M. Germain, the late governor of the Credit Lyonnaise, Russia lost her strongest financial friend in France, and that had he been alive no difficulty would have been experienced. With the American and English markets closed to her it is thought that Russia can only turn to Germany, who is not likely to be much more responsive than France, and the only alternative would seem to be to make peace. Reports are current here that Japan will now demand an indemnity of between $500,000,000 and $750,000,000.

DENTAL MEETING AT GREENFIELD

Eastern District Dentists Will Meet in That City in May.

The Eastern Indiana Dental Association will meet at Greenfield Wednesday and Thursday, May 3 and 4th. One hundred dentists from the eastern part of the State will be present. An interesting program is being arranged. Noted dentists from Chicago, Cincinnati and Indianapolis are expected to address the meeting.

COOK SENTENCED

Bluffton, Ind., March 15.—Special Judge E. C. Watkins heard the motion for a new trial in the case of William Cook convicted of murder in the Sanderson case, and Cook was sentenced. He will be taken to Michigan City prison tomorrow, as the sheriff is anxious to get rid of him. The trial of Otto Cook and Earnest Sanderson, two of the defendants in jail here, will be postponed until the April term of court. In the meantime Ollie Sanderson, the wife of the murdered man, will be tried in Hartford City.

Wounds Terminated Fatally.

Denver, March 15.—Frank Dulin, who was shot three times on Sunday by George Shissler, when going on the police ambulance to the aid of Sill and his wife whom Shissler had previously shot, is dead of his wounds.

TICKET FRAUDS ON C. H. & D.

Counterfeiters Unload Another Batch of Coupons on the Public.

Eleven Such Cases Have Turned Up Within the Last Four Days.

Eleven or more counterfeit coupon tickets, similar to those detected by the C. H., & D. several weeks ago, have been sent in to the General Passenger Department at Cincinnati during the past four days. Reports of others have been received, which shows that the first estimates of the size of these frauds has not been too large.

Detectives employed to sift out the frauds, acting under the direction of the American Ticket Protective Association, have traced these counterfeit tickets to a Western city and to the office of a certain scalper. This scalper was arrested and charged with forgery on a similar case two years ago, but was dismissed for the peculiar reason that the State in which the frauds were committed had no law making the forging and counterfeiting of railway tickets a criminal offense.

As a result, ticket counterfeiters have flocked to that State and carry on their operations almost unmolested.

Tickets counterfeited by this gang have recently turned up on the Pennsylvania, Rock Island, Union Pacific, Burlington and other lines, and were ostensibly issued by the El Paso & Southwestern, and reading over connections. The last batch of counterfeits detected by the C., H. & D. routed passengers over that line and the Burlington.

The C., H. & D. Passenger Department, in order to protect itself from further frauds, and in an effort to enable conductors to spot these tickets, will photograph the real and counterfeit tickets and send circulars bearing the reproductions to every conductor on the lines over which these tickets are liable to read.

The appearance of these tickets in such large numbers would seem to prove that the first suspicion of the officials was correct and that before the counterfeit plate was destroyed hundreds of tickets were struck off.

People should be very careful in buying tickets from scalpers. In fact, they should refrain from buying tickets from scalpers at all. Should a counterfeit ticket be found in your possession you would undoubtedly be arrested and things would go rather hard. The railroads are making a tremendous effort to ferret out this system of counterfeiting tickets and have the men arrested.

OTHER GRAND THINGS IN LIFE

[By T. M. O.]

A modest salutation.
An obedient offspring.
True types of genuine manhood.
Rocking of innocence into the world.
A monster vessel plowing the deep seas.
The awakening of nature from winter's blasts.
The glow in the face of a grand old man.
The cloudless breaking of the morning hour.
The copious shedding of an April shower.
A gleam of light from a blackened cloud.
A rum seller bidding his avocation adieu.
The play of lightning at a safe distance.
A walk through Mr. Moore's flower gardens.
Casting the blear from the vision of avarice.
Battlement of conflict clothed in peace.

AN UNUSUAL CASE

Presentment of Death Caused a Woman to go to Telephone.

A strange presentiment came to Mrs. George Kelsey, of near Milton, Ind., recently, when she was tempted to take down the receiver of the telephone in her home. On placing it to her ear she heard the operator in the local exchange trying to attract her attention. Immediately answering the summons she was informed of her uncle's death. The fact that the telephone had not been working for several days makes it appear singular that in passing through the room in the discharge of her regular duties she was unconsciously attracted by the telephone.

MRS. STANFORD NOT POISONED

That is the Opinion of Dr. Jordon, President of Stanford University.

Honolulu, March 15.—That Mrs. Stanford died a natural death, probably will be the conclusion of those who are now investigating the case. President Jordan of Stanford University has emphatically expressed the opinion that Mrs. Stanford's death was not due to strychnine poisoning. He says that when he became familiar with her symptoms he reached that conclusion. He is a doctor of medicine and says that since he has learned that the amount of strychnine taken by Mrs. Standford was not beyond a medical dose, he is more sure than ever that she was not poisoned. Dr. Jordan has been assisting the detectives to the extent of suggesting questions as a physician during their inquest regarding her symptoms and results of the autopsy.

The territorial senate today adjourned and the senators attended the funeral of Mrs. Standford in a body.

CHARGED WITH EMBEZZLEMENT

Obediah Bowman of Carthage, Indicted by the Grand Jury, is Now Missing.

Obediah Bowman, who recently operated a canning factory at Carthage, is wanted in this county on a grand jury indictment for embezzlement. Bowman, is alleged to have carried on wholesale swindling operations in his dealings with the quiet old Quaker farmers of Ripley township, some of whom are said to have lost heavily through him. He departed suddenly for Muncie on Friday last and has not been heard from since.

MINERS' MEETING

Terre Haute, Ind., March 15.—The annual convention of the United Mine Workers, district No. 11, the Indiana bituminous fields, is in session here with more than one hundred delegates responding to the roll. The membership is about 14,000 and the funds on hand are nearly $100,000. In both respects the figures are larger than ever before.

Grand Jury Begins Work.

Logansport, Ind., March 15.—The Cass county grand jury has begun the investigation of the defalcation of Elder Frank Obenchain, absconding treasurer of Cass county, and an indictment for embezzlement is anticipated, although there is no prospect of Obenchain's apprehension.

SHERIFF BUSY AGAIN TODAY

Several More Saloon Keepers Give Bond on Indictments.

One Warrant for Perjury Was Among Those Served by the Sheriff Today.

Sheriff Bainbridge and Deputy Sheriff King are still serving warrants on the indictments returned by the grand jury at its recent session. Of the warrants served today Clen Miller, landlord of the Windsor Hotel, Clyde Miller and P. A. Miller and Jesse Reddick were the defendants.

Fourteen indictments were returned against Clen Miller for running gambling devices, selling liquor to minors, etc. Mr. Miller gave bond in the sum of $[illegible]00 with his father, P. A. Miller, as surety.

Eight indictments were returned against Clyde Miller for selling liquor to minors etc., and one was returned against him for perjury. P. A. Miller, his father, signed his bond in the sum of $1[illegible]0.

Jesse Reddick, proprietor of the Elk saloon on Main street, was indicted nine times for running a gaming room, allowing minors to loiter, etc.

He gave bond in the sum of $4[illegible]0 with W. E. Mull as surety.

Indictments were returned against P. A. Miller, landlord of the hotel, but he had not given bond this afternoon.

Sheriff Bainbridge is continuing with his work without trouble and will serve several more warrants tomorrow.

THE DELAY OF OYAMA

Has Given Kuropatkin a Chance to Get His Army Into Shape.

By delay in pressing his pursuit of Russia's defeated and demoralized army to Tie pass, Field Marshal Oyama has afforded General Kuropatkin time to sort out the disorganized units of his command and restore his forces to at least a semblance of order. So far as known there is no considerable force of Japanese nearer Tie pass than six or eight miles, but in Russian quarters there is a feeling of apprehension that some turning movement of which there is no definite information, is in progress. From Japanese sources it is reported that many straggling parties of Russians cut off from their commands in the retreat from Mukden, are surrendering upon the appearance of Japanese troops. The council of war summoned by Emperor Nicholas is reported to have decided yesterday that the war must be carried forward. The all-important question of financial means, however, is said to have reached no solution, the situation being complicated by the reported decision of French capitalists not to negotiate the loan recently offered by St. Petersburg. The probability as regarded in St. Petersburg seems to be that when General Kuropatkin has completed the task of reorganizing what is left of his army he will be permitted to return to Russia and that the command in Manchuria will be entrusted to General Sukhomlimoff, whose war apprenticeship was served under General Dragomiroff, who has been regarded the foremost of Russia's scientific soldiers. It is possible, however, that the command will go to Grand Duke Nicholas Nicholaievitch.

As long as there is life there is trouble and taxes.

SOME SIGNS OF SPRING

The American Youth is Out With His Tops, Marbles and "Nigger Flippers."

When you see young America getting around at this time of the year with his pockets bulging out and the back of his right hand cracked and dirty, you may guess that he has been "playin' fer keeps" some time or other during the day. When you see his pockets bulging out still more you may rightly guess that he has anywhere from one to one half dozen tops and strings stored away among the mysterious things usually found in a boy's pocket.

Marbles, tops and "nigger flippers" may always be taken as sure signs of spring.

These indications can be banked on every time they are seen although spring may be two, three or four weeks distant.

The stores are now offering special inducements in the way of agates, white allies, taws, pewees, glass allies, and common marbles, along with a varied display of tops of all kinds.

"Nigger flippers" are generally home-made articles and although they should be suppressed, afford a boy a great deal of fun and amusement, if he happens to get through the season without causing any damage.

BROUGHT SUIT FOR HIS MONEY

Editor of Lima, O., Paper is Trying to Collect Profits from Bucket Shops.

An interesting suit to all players of the markets in bucket shops was argued before the Ohio supreme court a few days ago. Herbert D. Campbell, a Republican editor and politician, of Lima, is the plaintiff against the Odell Commission Co., of Cincinnati, which recently operated in this city and which has had "correspondents" here at two different times.

Campbell played to win on New York stocks in the bucket shop of what is claimed to be the Odell Commission Co.'s office there, under the management of Harry Bentle. Campbell won in the neighborhood of $[illegible]000, but Bentle left the city and the editor sued the Odell people.

They said they had no agency at Lima and that Bentle was not agent for them, but merely a correspondent. They denied service, but after thre attemps the court declared service on B. L. Neff, as an agent, sufficient and the company answered. In the trial Campbell got judgment for his money; the case was argued in the circuit court, and is now before the supreme court.

Should the judgment be upheld by the high court it will mean that the bucket shops operated by brokers in smaller towns will be considered as branches of the home offices, and patrons can get their money despite absconding managers.

EDITOR ILL

Paoli, Ind., March 15.—Major John R. Simpson, the veteran editor and publisher of the Paoli News, who was stricken with paralysis at his home here three weeks ago, is yet in a critical condition. His power of speech is so affected that he can not converse with his friends, and while he is recovering the use of his body his condition is alarming.

ADJOURNED COURT TERM

Several Important Cases Will be Tried Before Special Judge Broaddus.

Term Will Convene on April 3d. —I. & C. vs. Kramer Case to Come up.

Several important cases will come up for trial in the adjourned term of the February term of court, which convenes on April 3d, and will be conducted by Special Judge L. L. Broaddus, of Connersville.

April 3d and 4th will be devoted to the issues. On the 5th, the case of Millikan vs. Dudgen will come up for trial. The case of Mohler vs. Mohler will be tried on the [illegible]th. The other cases will be set by Judge Broaddus. They are: Wetsern Brokerage Co. vs. Bowman; Roland vs. Allenthorp; Knight & Jillson Co. vs. Carthage Canning Co.; Storer vs. Sterling Buggy Co.; Equitable Building Loan & Savings Association vs. Nesbit; I. & C. Traction company vs. Kramer et al; Winship vs. Bliss, and Pinnell & Tompkins vs. Bliss.

A BLOODY BATTLE

Lake Village, Ark., March 15.—A pitched battle was fought between a sheriff's posse of white men and three negroes suspected of murder, on the shore of the lake near here yesterday afternoon, two of the blacks being killed outright and C. D. Owens, manager of the Red Leaf plantation, wounded in the arm. Recently two brothers named Watson were murdered near Dumas, Ark., and the three negroes were said to have participated in the crime.

IT IS NOT IDLE TALK

Building of Interurban to Milton from Connersville is Considered.

According to the Connersville News much of the gossip concerning the building of an electric road that would connect Connersville and Milton, is regarded as idle talk, but it is authority for the statement that the matter is really being seriously considered. The News says:

For some time the Richmond Street & Interurban company had the project under consideration, but Connersville people have waited in vain for them to take definite action. The road is imperative to the business welfare of our city, a fact that is recognized by those of our citizens who have the matter under discussion.

The old plan to purchase the tracks of the L. E. & W. between here and Milton is not regarded as feasible, for it is likely that the money required to purchase this property, would almost cover the expense of building an independent line.

RUSHVILLE, IND. MAR. 15, 1905.

The Prohibition State committee is considering the advisability of getting up a monster petition asking the next legislature to pass a prohibitory bill. The Prohibitionists are not satisfied with the work of the last legislature and their State organ, the Patriot Phalanx says "the opponents of the liquor traffic have little reason for congratulation."

Kansas has undertaken to deal with the Standard Oil Trust by providing for the construction and operation of State refineries so that independent producers may have a market for their oil. Minnesota proposes to inaugurate similar methods in dealing with the Harvester Trust. Recently the Minnesota House of Representatives unanimously adopted a resolution providing for the appointment by the Speaker of a committee of seven members, who shall confer with the State Board of Control and the Warden of the State Prison as to the feasibility of erecting and operating a factory for the manufacture of binders, mowers and hay rakes upon grounds which shall be a part of the State Prison institution.

Oyama, the Japanese commander has been the master of his antagonist in strategy and tactics, as well as the possessor of much the better army. The Japanese rank and file, inspired by intense patriotism, have been terribly in earnest. While they are physically much smaller than the Russians, they are healthy, hardy and temperate. In point of endurance and simple requirements they are unsurpassed. The Russians, on the other hand, are cumbrous in movement and trained merely to be fighting machines. The war in the East had no element of patriotism for them. With stolid courage, they obeyed their generals and have made many brave assaults, as well as stubborn retreats, but their heart was not in the work beyond the natural pride in striving for victory.

MISCHIEVOUS CANARD

Vice President Says He Is Not Opposing Mr. New's Prospects.

Indianapolis, Ind., March 15.—The following brief item of general interest to Indiana Republican leaders appeared yesterday afternoon in a paper here that is very friendly to Vice President Fairbanks: "Stories printed in some newspapers that Vice President Fairbanks is opposing the appointment of Harry S. New to be acting chairman of the Republican national committee, are untrue. He is not bothering about such matters in the least. No one's selection is opposed by him." It is generally believed that this statement was authorized by the vice president. Some newspapers have been printing stories to the effect that Mr. New wanted to get at the head of the organization in order to oppose Mr. Fairbanks for president.

A well known Second district politician who was here today said that the candidacy of John Billheimer of Washington, for the Republican nomination for auditor of state will be formally announced within a fortnight. Mr. Billheimer is now a deputy in the auditor's office and is one of the most popular officials in the state house. His name has been mentioned for auditor for sometime but it was not until recently that he began to give the matter serious consideration. So many prominent party men have urged him to become a candidate that, as already stated, he is about to formally announce that he will enter the race. Mr. Billheimer is the present Second district member of the state committee having served with much credit in that position. His friends are going to work for him with so much enthusiasm that he will get off in the race with a good start.

What may be regarded as a long step towards the adoption of voting machines in Indiana was taken today when the county council voted in favor of an ordinance for an appropriation of $100,000 to buy them for this city and county. Probably 150 will be required. Democratic City Chairman Keach appeared before the council and urged the adoption of the ordinance. The machines may be secured for the municipal campaign this year. Party leaders generally are favorable to the use of machines and several counties will probably adopt them before the state campaign next year. The successful experiments in Vigo and Vanderburg counties last year has had a good deal to do with creating a sentiment favorable to machines.

At a Prohibition mass meeting a boom for George Hitz as an independent candidate for mayor was announced by Felix T. McWhirter, Prohibitionist candidate for governor last year. Hitz, who was chairman of the meeting, said he will formally announce his candidacy within a few days. His platform will be "a clean city and a clean administration," his slogan two years ago, when he secured nearly 6,000 votes. The way things are shaping up it would not be surprising if the same candidates should be in the race as two years ago.

The state house may soon be minus one of its well known figures as Colonel "Billy" Hoffman, a well known politician who has been custodian since the early part of the Durbin administration is preparing to vacate his position, although Governor Hanly has not said he will not reappoint him. It is understood, however, that O. A. Baker, of Shoals, an original Hanly man will be appointed. State officials and deputies, however, would be pleased to see Colonel Huffman reappointed as he has been an obliging custodian.

Governor Hanly remarked today that this is "plum week" in his office. The tree will probably be shaken of all the choicest fruit. No announcements were made as to who is slated for the good places, but the governor said that he will make the names of the members of the railroad commission public Thursday.

SITUATION AT TIE PASS

Order Is Being Restored in Panic-Stricken Army.

Tie Pass, March 15.—As after the battle of Liao Yang the advance of the Japanese army against the new positions of the Russians at Tie pass is very slow. The leading columns are eight or ten miles southward and in touch with the Russian van posts, but the operations at present are not serious. Field Marshal Oyama shows slight intentions of pressing his advantage in an immediate assault on Tie pass. It is possible, however, that a wide turning movement of which reports are current, is in progress. In such operations the Japanese have the immense advantage of several bases and lines of supply to which is now added the Sinmintin road, while the Russian army necessarily is dependent on one base and one line of communication and therefore may easily be outflanked.

In the grand army order is being brought out of chaos with remarkable celerity. The plain in front of Tie pass, which on March 11 seethed like a nest of ants with the dense and confused mass of transport artillery and troops, corps, divisions and regiments being scattered and parties inextricably mingled, has been cleared and regiments reorganized, stragglers sent to their respective commands, organizations their assigned positions and today the same soldiers who on March 10 became a terror stricken, surging, disorganized mass of gray at a few shots from a small detachment of Japanese or who even fled in panic, firing indiscriminately in all directions are now gathered singing about the camp fires with new courage, ready to oppose with stubborn resistance an attack on Tie pass. It is unfair to accuse the entire army of this panic. General Linevitch entered Tie pass with his regiments in perfect order with music playing and men singing and scarcely a straggler was lost in the long difficult march. Other organizations made equally praiseworthy retreats and especially the rear guards of all the armies who performed their difficult task steadily and resolutely. There is much to be said also for the panic-stricken condition of the troops. They were largely composed of undisciplined men and wagon drivers were mingled with soldiers, who for fifteen days were under constant fire, crowded together in a mass from whence egress was impossible. It is one of the odd facts of warfare that the morale of the beaten Russian army has been largely restored while the Japanese, though the victors, apparently are so broken and have incurred such heavy losses that they are unable to press the advantage. Otherwise it is inexplicable why the Japanese have not followed up their vigorous pursuit with an atack on Tie pass when they might have taken the position almost without a struggle. It is now too late for any easy success. The struggle for the possession of Mukden cost both sides close upon 200,000 men. The Russian loss of officers includes a large proportion of the regimental commanders and field officers. All the newspaper correspondents with the exception of three or four have left for the north because there is nowhere to live and nothing to eat. Nipped by defeat many of the Russian officers are in a surly mood and much of the grudgingly given information is colored with jealousy and the rampant spirit of cabal.

Now He's Sorry.

New Brunswick, N. J., March 15.—After six hours deliberation the jury which tried J. Frank Cordova, the former South River minister who eloped with Julia Bowne, one of his choir singers, for abandoning his wife, came into court last night with a verdict of "guilty as indicted." The extreme penalty is imprisonment for one year.

ON PARTY LINES

The Vote of the Dominican Treaty Will Be Thus Defined.

IT MAY BE DEFEATED

Absentee Republican Senators Have Thrown Unwonted Power to the Hands of the Minority.

If Democrats Stick Together There Is No Chance For Ratifying Treaty.

Washington, March 15.—The discussion of the Dominican treaty in executive session of the senate has resulted in the drawing of party lines. The Democrats who have been reported as likely to support the treaty will return to the fold, it is said, and on both sides of the chamber it is admitted there is little prospect that the convention will be ratified. The Republicans have been depending on some Democratic support and have counted as certain the votes of Senators McEmery and Foster of Louisiana and Clarke of Arkansas. Senator Gorman, the minority leader, has given notice that these senators are now pledged against the treaty, and it is stated that Senator McEnery will recall his telegram authorizing Senator Cullom to pair him for the convention. It is not expected that either he or Senator Clarke will return to Washington to vote. Senator Foster will remain in Washington and vote with his party. The Republicans had planned to recall their absentees, but it is reported today that even with the full Republican strength here the necessary two-thirds for ratification could not be mustered if there is no defection of Democratic votes.

The depletion of the Republican ranks by reason of the vacancies in Missouri and Delaware, the absence of Senator Lafollette, who has not taken the oath of office, and of Senators Aldrich and Knox is felt greatly by the Republicans, who are striving for favorable action on the treaty. A canvass of the senate has not developed the necessary two-thirds affirmative votes, even counting all Republican as present or paired. If the statement of the Democrats that there will be no division in their party proves correct, or if the two Louisiana senators and Clarke of Arkansas should vote against it there is no chance for ratification of the treaty.

Because of the doubt of ratification the suggestion is made that action shuld be postponed until after an investigation has been made of all the conditions in Santo Domingo, including the character of the claims and the stability of the Dominican government, and the force that would be required to keep it intact. This proposition came from the Democrats and credit for originating it has been given to Senator Gorman. It has not met with favor, largely because of the indifference as to the fate of the treaty which was expected by a number of Republican Senators. So far as the propriety of the senate making an investigation is concerned it was said that step would be unprecedented and that an inquiry, if one is to be had, should be made thorugh the president. It is understood that the subject of appointing a commission to make the inquiry has not been presented to the president.

It seems assured that there will be no postponement of the vote unless such action meets the approval of the president which is not deemed likely.

MRS. SECRETARY SHAW

Cabinet Lady Operated Upon for a Serious Ailment.

Baltimore, Md., March 15.—Mrs. Shaw, the wife of the secretary of the treasury, Leslie M. Shaw, was operated upon for a serious ailment at a private sanitorium here. The operation was reported to be successful. Secretary Shaw was present in the sanitarium during the operation.

GROWING ANXIOUS

Brown County Folks Eager For Opening of Long-Promised Railroad.

FARMERS HAVE FAITH

Those Living Along Line of Proposed Indianapolis-Southern Believe Road Will Be Built.

New Towns Being Projected Along the Line of Survey and Hopes Are High.

Nashville, Ind., March 15.—A petition signed by at least one hundred farmers will be forwarded to the officials of the Indianapolis Southern Railway company, in Indianapolis, asking that a station be established at a crossroads on the new railroad called Mauzyville, a few miles north of Georgetown. In the petition a promise is made that each farmer signing will patronize the road in shipping stock and grain, and further, if the station is established, will erect an elevator and expend time and money in an effort to build up a town at that point. Along with the petition will go a paper signed by the merchants of Georgetown, promising their aid if the station is established.

The farmers of Brown county have much faith in the building of the Indianapolis Southern. That is evidenced by the fact that during the last week thirteen farmers sold farms that lay off the railroad in order that they might buy land on its line. Alexander Lutes, who owned a farm of 254 acres, has sold it to William McKay, of Iowa, and will move to the line of the first railroad ever run through or into Brown county, to engage in business. No fewer than a dozen stores have recently been started along the Indianapolis Southern's proposed line, and several of them are having a hard time to make shift until the railroad comes to town.

BAKER IN KENTUCKY

Cigarette Lobbyist Said to Have Found Refuge There.

Brookville, Ind., March 15.—A resident of this city, who is an intimate friend of O. A. Baker, better known as "Cigarette" Baker, who is said to to have been indicted for attempting to bribe the Hon. Ananias Baker, a member of the legislature, and who once lived next door to the Baker family, recently met Mr. Baker in Louisville, Ky. Mr. Baker told him that he had been in Marion twice since he left Indianapolis. His personal appearance is greatly changed, he having abandoned his wig, so that it is difficult even for intimate personal friends to recognize him. Mr. Baker told the Brookville man that he had assurances that even if his whereabouts were discovered and he was placed under arrest, Governor Beckham would not grant a requisition for his return to Indianapolis.

Captured, but Safe and Well.

Lexington, Ky., March 15.—Mrs. William Voorheis Judson, wife of the American attache with the Russian army, has received the following cablegram from her husband, dated Yinkow, Manchuria: "Captured; safe, well. Will go to Japan." Captain Judson is a native of Indiana.

Pupils March Out.

Warsaw, March 15.—The authorities were unsuccessful in an attempt to reopen the commercial and technical schools yesterday. The pupils assembled in the classrooms at the regular hour where they remained for a few minutes and then simultaneously marched out. The educational situation is causing much concern.

COMPELLED TO RESIGN

Ian McLaren Can No Longer Endure Arduous Strain.

London, March 15.—The Rev. John Watson (Ian McLaren) has resigned the pastorship of the Sefton Park Presbyterian church in Liverpool. In his farewell address Dr. Watson says he is worn out and cannot go on. He never has been strong, he says, and had to do his work with hindrances from bodily weariness and now his strength is nearly exhausted.

Not a Whole Casting Left.

Goshen, Ind., March 15.—Nickel slot machines, valued at $1,500, were destroyed here by detectives at the county jail, under the provisions of the Indiana law. The detectives used sledge hammers. The machines were captured at Nappanee by Goshen officers, who acted on complaint of the Civic Federation. Not a whole casting was left. Even the cases were splintered.

Big Deal in Coal Lands.

Birmingham, Ala., March 15.—A deal was closed here whereby ex-Governor E. E. Jackson, of Maryland, disposes of 20,000 acres of coal lands on the Ensley Southern railroad to the Pratt Coal company of this city for $500,000.

Former United States Senator Cannon, editor of the Salt Lake Tribune, has been excommunicated from the Mormon church for editorial criticism of the hierarchy.

TEACHERS.

A great many teachers fail to meet expectations simply because they have never learned what is expected of them. The superintendent asked them to take a class and that was all. He did not tell them what they were expected to do, or how they were expected to do it. He did not explain to them the teachers calling. He did not even suggest to them that they had a calling. He did not tell them how they were to prepare themselves or even that they needed to prepare themselves. They were to take a class and teach the lesson, and their imaginations were left to find the rest. No one suggested a course of study. No one suggested a good book to read or a good paper to subscribe for. They were simply left to their own inventions, and not being brilliant enough to see through a wooden door, they have remained to this day in ignorance of their real calling. They have a class, and they have a lesson, and by main strength and awkwardness they seek to press its truths into the minds and hearts of their pupils. Who is to unfold to them the teacher's true mission? Who is to tell them of their need of preparation? Who is to point them to the liteature they need so much? You teachers who know "a more excellent way," why don't you help them? (Push).

Horace Mann said: "The way to get day school teachers to make them." The method was by establishing normal schools. The same is true of the Sunday school teachers. Start a normal class.

The attendance at the Christian school last Sunday was 256 and the offering was $7.26. This school is doing splendid work. Mr. Carl Nipp, the superintendent, is planning for a gymnasium and a reading room for the boys, to be held in the basement of the church. This is a splendid thing to do as it will give the boys a place where they will get real benefits, especially from the books. It is planned to spend one evening in reading and special discussion of the books they have read. This school has already largely increased the library.

The attendance at St. Paul's Sunday school last Sunday was 163 and the offering was $4.93, this school is increasing in interest and numbers under the management of Mr. Herbert Flint, the superintendent.

Mrs. Morgan's class of boys of the above school has been divided and Mrs. Ingersoll has taken a part of them. A school of this size and in fact any school of this size ought to be carefully graded as much more thorough work can be done.

Gowdy School: Dora and Orpha Wagoner, Home Department members attended school here last Sunday. Little Iden Hungerford, one of the Cradle Roll members has been quite sick and not able to attend the past two Sundays, but is about well again. Mr. Owen Carpenter and wife who have been at school at Effingham, Ill., for the past six months, have returned home. We are very glad to have them with us again, as Mrs. Carpennter is one of our best teachers. During her absence her place has been supplied by Mrs. Sarah Carpenter.

MRS. HALL'S MIRACLE.

Experiences Similar to This Have Occasioned Considerable Comment in Rushville

Few women are better known in Lockport, N. Y., than Mrs. Pattie D. Hall, as she belongs to one of the best families and has a large circle of friends and acquaintances. In a recent interview Mrs. Hall said:

"The experience I have been through in the last two years seems like a miracle. I was so badly off that life seemed almost unendurable, and my deafness increased so that I could scarcely hear anything. The suffocation in my chest and the indigestion caused by my catarrh, produced very severe suffering. I had five different physicians, bought everything that anybody recommended to me, but finally gave up in despair.

"One day my milliner asked me if I had ever tried Hyomei. I began the treatment, and can thankfully testify that Hyomei does cure this terrible disease. Since using it my hearing is greatly improved, and the only time I have any catarrhal trouble is when I take cold. I then use Hyomei, and always get instant relief. My friends and acquaintances marvel at the change in my health and hearing."

Hyomei has made many cures of catarrh, and in connection with Hyomei balm, of catarrhal deafness, in Rushville. Similar experience to that of Mrs. Hall's have created a large sale for Hyomei with Johnson's Drug store.

The complete outfit, including the inhaler, costs but $1.00, while extra bottles are but 50 cents. Ask F. B. Johnson to show you the strong guarantee under which they sell Hyomei.

TEST YOUR SEED CORN

Purdue University Agricultural Experiment Station Bulletin.

Some recent germination tests of seed corn from farmers' supplies indicate that there is probably a lot of corn intended for seed which will not germinate, or, at least, has been seriously injured on account of its having been exposed in out-buildings while still in a more or less moist condition during the period of extremely low temperatures early in February.

In view of this probability we deem it wise to urge upon farmers the necessity of making thorough tests of the vitality of any seed corn which was not protected from those severe frosts.

A convenient home tester can be made by taking an old baking pan of large size or a shallow tray made of boards, tightly wrapping around it, at intervals of about an inch and half, crosswise and lengthwise, a long piece of strong cord or light wire, and filling it with fine moist soil or sand. The surface of the soil or sand in the tray will thus be marked off into inch and a half squares. The squares may be marked more permanently by fastening the cross wires in the sides and ends of the tray. A tray of this kind, two by three feet in size, will be large enough to make an individual ear test of about five bushels of seed ears at one time.

The test will not be complete unless each ear is tested by itself. Take five kernels out of each ear, from different parts and place them in one of the squares in tester, pressing them firmly into the soil. The ears of corn should be so arranged in single rows on a shelf, table or floor that the one corresponding to each square in the tester can be easily located. After the tester is filled moisten the soil thoroughly, cover with an old gunny sack to keep the surface from drying and set in a warm place, but not near a stove. The ordinary living room or a place of similar temperature will do perfectly. Keep the soil thoroughly moist. All kernels which do not send out strong roots and stem sprouts within five days, under these conditions, should be considered as too weak to properly germinate under ordinary field conditions. If the germination of any lot of kernels is unsatisfactory, the ear from which they came should be discarded. About 95 per cent. of the kernels should germinate strongly within the five days.

Farmers who wish to do so may have small lots of corn tested by sending samples to the station.

Practical Recipes For the Housewife

DATE CREAM BARS.

Take three cupfuls of granulated sugar and a cupful of cold water, and boil until it will harden when dropped in cold water. Do not stir while on the stove. Beat the whites of three eggs to a stiff troth; pour the sugar over the eggs slowly, stirring constantly until stiff enough to mold. Then add a pound and a half of choppeed dates. Make into bars and roll in powdered sugar.

CREAM MUFFIN.

Beat four eggs very light, add one and a half cupfuls of milk, one teaspoonful of salt, and two teacupfuls of sifted flour; beat very thoroughly; add a teacupful of cream and beat well again. Use iron gem pans, heated and buttered; pour in the mixture and bake forty minutes in a rather hot oven. Gem pans should be heated before filling and filled as a rule three-fourths full.

PINEAPPLE CAKE.

Pineapple cake is a delicious dessert. It is made of any good white cake baked in layers. For the filling and icing, boil one cup of granulated sugar and one quarter cup of pineapple juice, carefully strained, for six minutes after adding one teaspoonful of lemon juice. Beat the whites of an egg to a stiff froth and add the boiled syrup gradually to it, whipping the mixture as the syrup is added with the egg whip. Beat this five or six minutes longer, and then ice the cake thickly. For the filling add enough finely chopped pineapple to this icing to make it moist.

Rheumatism Vanishes.

This troublesome disease, as we all know, is caused by impure blood. Impure blood is more often than otherwise the result of a torpid liver and inactivity of the digestive organs. Get and keep your digestive organs in good running order and the blood will purify itself—then Rheumatism disappears. There is no treatment or remedy more effective in the relief and permanent cure of all ailments arising from a sluggish liver, like **Rheumatism, Indigestion, Headaches, Kidney troubles, Nervousness, etc.,** than

SEVEN BARKS.

It is **not a Patent Medicine,** but a pure vegetable preparation, extracted from the bark of a specially grown species of the Hydrangea plant and is compounded by chemists of long experience.

Try a bottle. If found not all claimed for it, return to the druggist and get your money back, or if you cannot spare 50 cents for a bottle, write us and we will send you a supply with our compliments. We are determined everybody shall try "Seven Barks."

The bird is of a beautiful white and blue grey color. Mr. Heckman was unable to account for the bird's presence at a point so far inland unless it was migrating. The bird was entirely alone. Mr. Heckmann will have it mounted.

SOCIETY NEWS

The K. of C. Sewing Club meets tonight.

Mrs. Frank Reynolds was the hostess for her club Monday afternoon at her home on North Main street.

Mrs. Cox and Mrs. Minnie Abercrombie will entertain the Wi-Hub Club Friday evening.

The Wednesday evening Club will hold its regular meeting tonight at the law office of Watson, Titsworth & Green. Dr. Gilbert will have a paper on "The Salvation Army."

Misses Ruth Tevis, Bertha Vance, Stella Downey and Messrs. Clarence Cross, Homer Gregg and Gerald Silberberg were the guests of Willie Brann at a six-o'clock dinner last Sunday evening.

Misses Mae McFarlan and Josephine Clifford entertained the members of the Young Ladies' Missionary Society of the Main Street Christian Church last night at the home of Miss McFarlan, on North Perkins street.

Mrs. Jefferson Churchill celebrated her husband's seventy-fifth birthday anniversary yesterday at a 12 o'clock dinner. The guests were Mr. and Mrs. J. B. Reeve, Mr. and Mrs. William Churchill, Mrs. Ione Abercrombie, Mrs. J. F. Hildreth, Mr. and Mrs. Earl Churchill and son. The floral decorations in the dining room were beautiful home-grown colus and bigonias, selected from Mrs. Churchill's conservatory, with roses and carnations for the table. The dinner was elegant and was served in four courses. Uncle Jeff has lived to be three-quarters of a century old, and is a well known and highly respected citizen. The invited guests represent the good wishes of us all for many happy returns of the day.

BASE BALL

J. A. Spinney, of Cincinnati, and J. G. Miller, the latter manager of the Middletown, (O.) Sunday League team, may put a club in Greensburg this summer if the business men offer a little support. Braden, a shortstop; Donnel, pitcher, and Waybright, right field, local players, will form the nucleus of the club. Here's hoping for another good team at Greensburg this year!

The lineup of the Connervsille team for 1905 is as follows: Florea, second base; Becker, right field; Feigert, center field; Hassett, left field; Bosler, catcher; Lindsly, short stop; Pritchett, third base; Thomas, first base; Goar, pitcher. It will be noted that the lineup is practically as it was last year, with the exception of Pritchett. Connersville had a "cracking" good team last year and from the indications has another this year. Rushville would like another chance at them.

A New Castle telegram says: The I. and E. Baseball League had its birth Saturday night, when the high school students at Greenfield, Spiceland and New Castle met and perfected the organization. All four towns are on the Indianapolis and Eastern railway, hence the name, I. and E. It is the purpose to start practice games immediately. When the season is opened games will take place in each town alternately each Saturday afternoon. There is much good timber in all four teams and some warm games are promised.

BY THE WAYSIDE

☞ Spring is the season of the year to which all look forward with eager expectation, and in the early days of March every trivial sign of the approach of the coming season is hailed with delight. This morning one of the well-known young ladies of our town was busily engaged in the house when a peculiar sound of extraordinary beauty was heard outside. She eagerly stopped to analyze the tone and was delighted with her conclusion that it must be either a red bird or an oriole. Then she called all the members of the family to listen, and all sorts of opinions were expressed as to the kind of bird it must be. The tree tops were thoroughly scanned from every window, but no bird could be found. Some minutes later Charley Broadhead was seen repairing the arc light on the corner, and this explained the origin of the noise that was mistaken for bird song. The little pulley over the lamp on that corner needs a little oil.

CHURCH NEWS

+Rev. Cook, pastor of the U. P. church at Glenwood, will begin a series of revival meetings Sunday at the church. He will be assisted by Rev. Gordon, of Huntsville, Ohio.

+The Industrial Society of the M. E. chruch at Manilla met at the home of Mrs. Dr. Barnum Wednesday March 1st and elected the following officers: President, Mrs. Mollie English; vice president, Mrs. Libbie Warfield; secretary, Mrs. Rebecca Johnson; treasurer, Mrs. Ida Goddard.

+Less than a year ago the Presbyterian Christian Endeavor pledged $100 for the support of Miss Stout, a missionary in the Isle of Formosa. The pledge was taken at the solicitation of Miss Grace Curtis Glen, a returned missionary from Japan, who was supported by the Presbyterian C. E. Societies of the State. The pledge in now paid in full, and the society is to be congratulated upon its success.

+The Young Ladies Missionary Society of the U. P. church held their annual thank-offering meeting last night with Miss Belle Kerr, on North Morgan street. There are only seven members of the society, and the thank-offering was $9.50. An interesting program was given. Impersonations of Dr. Sophia E. Johnson, and Dr. Andrew Gordon, of India, and Dr. Thomas McCaque were given by Misses Ethel Applegate, Florence Witzenbacher and Clara Applegate. Miss Anna Waite had a recitation, "Go, Teach All Nations." The evening was immensely enjoyed by the nineteen invited guests. Refreshments were served.

LODGE NOTES

Tanpah Tribe of Red Men had work in the Warrior's degree last night.

The K. of P. lodge of Fountaintown will erect a new castle hall in that town during the coming season that will cost about $4000.

The editor of these notes has no objection to the Connersville and Shelbyville papers using anything that they may wish from the same even without giving us proper credit, but when they come to give credit to other Rushville papers for what they take from the Republican then we "kick."

The move among the Red Men to run a special train to Shelbyville, mention of which was made exclusively in the Republican, has been abandoned. Neither will there be any large attendance from the members of the order in this section. The reason for this is that the J. M. & I. railroad has failed to make reasonable rates.

We are told that one of the leading orders in Indiana among the ladies, and which has a lodge in this city was unable to hold a meeting last week as there were not enough of their own members present to make a quorum and the visitors present could not, of course, be counted. There is no better ladies' order in the world than this one and it is in a most prosperous condition on all sides of us. Why this apathy, sisters?

The Odd Fellows of Shelby county will hold their county meeting in Shelbyville on next Monday evening, March 20th. The meeting will be in charge of the Smithland lodge. The lodge at Waldron will confer the Initiatory degree, and the Lewis Creek lodge, the second degree. We believe that all orders should have county as well as district meetings, but we seriously question the time of year that most of these meetings are being held, as to us it would appear that it is one of the worst times in the year to hold a public meeting. Why not hold them in the fall of the year and thus impart enthusiasm to the membership for the ensuing winter?

RAILROAD NOTES

The C., H. & D. has a pile driver at work at the race bridge east of town, setting piles for a new bridge.

Eastbound C., H. & D. train No. 45, due here at 7:20 a. m. was delayed a short time yesterday by a broken rail near Glenwood.

The I. & C. track on Morgan street have been raised on each side of the C., H. & D. crossing in order to make them level with the crossing.

The former L., D. & W. shops, now owned by the C., H. & D. Railroad company, give employment at the present time to 315 shop men. When the C., H. & D. took the property there were less than 100 men employed, and during the administration of H. B. Hammond, then president of the road, the pay rolls were $2,000 per month. They are now nearly $26,000 per month, and the company proposes still further to enlarge the shops at this point.

DEATHS

Obadiah Pollit, of Shelbyville, died Monday night after an illness of several weeks of stomach trouble. He was fifty-six years old, a member of the Morristown Knights of Pythias lodge and the Christian church. Besides his wife he leaves a daughter, Mrs. Fred Cook, of this city, and two sons, Charles and Edward, of Shelbyville.

Mrs. Sarah Nichols, 90 years of age, a resident for eighty-five years of the counties of Rush and Hancoock, being born in Pennsylvania, is dead at Cambridge city. The deceased was the widow of the late Rev. William Nichols. The body will be taken to New Palestine for burial Thursday. Seven children survive. Of these two, S. T. Nichols and Mrs. William Terry, are residents of Indianapolis.
